

TerMa

Excellence in combining traditional craftsmanship, materials and advanced technologies.

TERMA works in the field of quality building and design, gathering highly professional and specialized workers and incorporating both the skillfulness of the craftsmanship tradition and the use of advanced materials and technologies. Particularly specialized in the field of luxury retail, TERMA offers a "turnkey" service as General Contractor both in Italy and abroad and can support the customer during the whole designing and building process, from 3D renderings to the fulfilment of administrative practices, project management, logistics, final installation and design solutions. Following the client in all the planning phases and coordinating the different contractors, TERMA provides construction works as well as customized furniture, works in marble, steel, wood or glass, technological installations, refurbishment, restoration and reclamation.

Excellence en alliant tradition artisanale, matériaux et technologies avancées.

TERMA œuvre dans le domaine de la construction e du design de qualité, réunissant autour d'elle une main d'œuvre hautement qualifiée et professionnelle, s'attribuant l'habileté de la tradition artisanale ainsi que l'utilisation des matériaux et des technologies avancées. Particulièrement spécialisée dans le domaine du retail du luxe, TERMA offre un service "clé en main" en tant que contractant général en Italie comme à l'étranger et peut conseiller et accompagner le client dans la procédure conceptuelle et constructive, de l'éventuelle réalisation de plans graphiques à la gestion des démarches administratives, l'organisation logistique, l'installation finale et les solutions décoratives. Garantissant le control des toutes les phases conceptuelles et coordonnant les équipes, TERMA fournit structures de bâtiment et meubles sur mesure, dont notamment les finitions de tous types, œuvres en marbre, acier, bois ou verre, installations technologiques, interventions de restauration et assainissement.

Eccellenza nel coniugare tradizione artigianale, materiali e tecnologie avanzate.

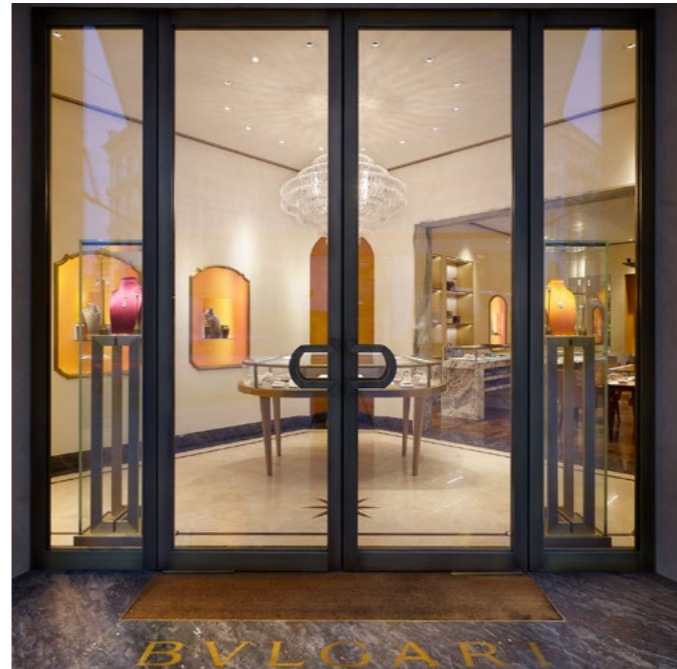

TERMA opera nel campo dell'edilizia e del design di qualità, riunendo attorno a sé maestranze di elevata professionalità e specializzazione, e facendo proprie sia la manualità della tradizione artigianale, quanto l'uso di materiali e tecnologie avanzate. Particolarmente specializzata nel settore del retail di lusso, TERMA offre un servizio "chiavi in mano" come General Contractor in Italia e all'estero, fornendo al cliente un servizio completo di gestione dell'iter progettuale e costruttivo, dalla stesura di elaborati grafici all'adempimento di pratiche amministrative, direzione lavori, organizzazione logistica, installazione finale e soluzioni di arredo. Garantendo il controllo di tutte le fasi progettuali e coordinando le diverse imprese, TERMA realizza opere edili, arredamento su misura, così come finiture di diverso tipo: opere in marmo, acciaio, legno o vetro, impianti tecnologici, interventi di restauro e bonifica.
